

Embodied Progress A Cultural Account Of Assisted Conception

Embodied Progress A Cultural Account

Embodied energy is the sum of all the energy required to produce any goods or services, considered as if that energy was incorporated or 'embodied' in the product itself. The concept can be useful in determining the effectiveness of energy-producing or energy-saving devices, or the "real" replacement cost of a building, and, because energy-inputs usually entail greenhouse gas emissions, in ...

Embodied energy - Wikipedia

Sociocultural evolution, sociocultural evolutionism or cultural evolution are theories of cultural and social evolution that describe how cultures and societies change over time. Whereas sociocultural development traces processes that tend to increase the complexity of a society or culture, sociocultural evolution also considers process that can lead to decreases in complexity (degeneration ...

Conclusions. The understanding of cultural competence of nurses that emerged in this concept analysis will contribute to the development of a rigorous design of instruments or research.

A concept analysis of cultural competence - ScienceDirect

During World War I Martina learned from schoolteachers that the Germans were bad and that the campaign against them would end war forever. She accepted the view that this was a wonderful country where people could make it if they worked and studied hard and did a good job for the boss and didnt lie or steal.

This understands the exercise of sustainability and sustainable design from the "reconstruction of human relationships at all levels of the socius." (P. 45 Guattari) In this sense, this involves not only encouraging and enabling social relationships and interactions in living spaces (public or private) of any scale but above all, improving the degree of coexistence between groups of people ...

Environmental, cultural, social and economic sustainability

Angie Abdilla is a palawa, trawlwoolway woman from the North of Tasmania who has been living and working in Sydney for over 15 years. Angie works across culture, research, strategy, and technology, using Indigenous cultural knowledges to inform service design, deep technology and placemaking for both the public and private sectors.

Leading a sustainable built environment

Some authors, such as philosopher Colin McGinn and linguist Steven Pinker, think that the difficulties we experience in dealing with the hard problem of consciousness are simply due to the limitations of the human brain. This brain is the product of evolution, and, like the brains of other animals, it has its cognitive limits. For example, a human brain cannot hold 100 digits in its short-term ...

Establishing internationally-recognised principles for the use of computer-based visualisation by researchers, educators and cultural heritage organisations.

Introduction - London Charter

In 2017, Shut Down LD50 encountered Daniel Keller as one of the prominent voices opposed to protests to shut down the LD50 gallery space after it was revealed to have hosted an extensive programme of talks by racists and activists on the extreme right.

SHUT DOWN LD50 GALLERY

The cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired.

A remarkable achievement that illuminates what is possible when we engage in the revolutionary act of indigenous self-love, *As We Have Always Done* asks the simple question, 'What if no one sided with colonialism?' The many possible answers to that question are reflected in Leanne Betasamosake Simpson's beautifully written book in which she kindly challenges indigenous people to reclaim ...

Cf. Benedict XVI, Speech to the General Assembly of the Italian Bishops' Conference (27 May 2010): "the essential fact is that the human person becomes himself only with the other. The 'I' becomes itself only from the 'thou' and from the 'you'. It is created for dialogue, for synchronic and diachronic communion.

Durkheim's Two Problems. Durkheim's primary purpose in *The Elementary Forms* was to describe and explain the most primitive 1 religion known to man. But if his interests thus bore some external similarity to those of the ethnographer or historian, his ultimate purpose went well beyond the reconstruction of an archaic culture for its own sake; on the contrary, as in *The Division of Labor* and ...
