Carpets — If covered with water and other debris, carefully sweep the debris off, roll them up, and remove them to a safe spot where they can be unrolled and rinsed off with low pressure water, such as from a garden hose. Be very careful in the transfer, since the fabric will almost certainly be weakened by the weight of the water. Most will require additional cleaning, using a product such ...

Following the nuptials, the gothi surprised the 130 costumed guests by declaring it was time for the bruð-hlaup (Brullaup) or "bride-running." It was time for the families of the bride and groom to race each other to the wild hog roast feast. Elisabeth's family won, meaning Rune's family had to follow the custom of serving the winners alcohol throughout the night.

BOTTLE MORPHOLOGICAL TERMS. Before the moving into the main part of the Glossary, it is useful to have a quick overview of the basic physical features - or morphology - of a typical bottle. A somewhat stylized, "typical" bottle is illustrated on the following page: General Bottle Morphology. Most of the "parts" of a bottle are easier to visualize than describe.

Ancient Egyptian Alcohol: Beer, Wine and the Festival of Drunkenness by Caroline Seawright March 12, 2001 Updated: January 2, 2013 Alcohol was prevalent in ancient Egypt, especially in the form of beer. Beer was made from barley, honey, herbs and spices, and was drunk in preference to water. This was likely due to the bacteria in the Nile water, which required boiling to purify it; part of the ...
